## TROT-MOCS The Perfect School Shoes

What qualities should a perfect school shoe possess? Consfort first of all; neat appearance and durability. Trot-Mocs are the embodiment of these virtues.

Children will appreciate and glory in the comfort they afford, and the parents will never forget the quality. The uppers are of plump Indian tanned chrome leather, unlined, light of weight and extremely flexible. The soles are of specially tanned elk leather, made damp-proof by a secret process, and can become wet indefinitely without danger of hardening. Sole and uppers are fastened together by the Goodyea-

welt process which guarantees high quality; no tacks or threads to come in contact with the foot and develop discomfort and foot injuries.
